Kiln firing log sheet

One sheet per firing. Reuse piece IDs if a piece goes back in the kiln.

Firing ID _____

Date _____

Kiln / operator _____

Load type _____

Program / cone _____

Start / finish _____

Shelf map and unload notes

Label each shelf. Sketch positions or list piece IDs, then add observations.

Shelf	Piece IDs / positions	Witness cones / photo ID / notes

Piece results and follow-up

Use the piece ID to note an outcome, a photo or the next firing to check.
